Not-for-profits and organisations that have initiatives or projects that will provide a benefit to the communities in which we operate. Head to www.iluka.com to find out more about the location of our operations and projects.

We will consider a number of factors when we assess funding requests, including:

- if the initiative addresses a need within the local community
- the potential impact of the initiative on the community
- if there is a geographical correlation to our mining operations or projects
- other existing initiatives in the region
- other applications received in the funding round.

HOW MUCH CAN I APPLY FOR?

This will be determined by the specific requirements of your initiative or program, however, as a guide, organisations can apply for up to \$10,000 in funding.

WHAT IF I HAVE RECEIVED FUNDING FROM ILUKA LENDS A HAND IN THE PAST?

All applications are assessed on their individual merits at the time of application. If you have received funding in the past, that does not exclude you from applying again, but we will take that into consideration during the review process.
