Iluka Resources Limited - Balranald Mineral Sands Mine
Quarterly Regional Groundwater Levels 2026

The results of the quarterly regional groundwater level monitoring undertaken in accordance with NSW Environment Protection Licence (EPL) 20795 and Table 24 of the *Balranald Mineral Sands Mine Water Management Plan* (Version 5) are tabulated below in Table 1. Figure 1 illustrates groundwater level trends from third Quarter 2023 to third Quarter 2026.

Table 1 - Quarterly regional groundwater monitoring depth levels for 2026

Relevant EPL Point ID	Monitoring Bore Name	Standing Water Level Depth (SWL) (mbGL)			
		1Q Mar 2026	2Q June (July) 2026	3Q Sept 2026	4Q Dec 2026
19	**GW036673(1)**	14.97	16.04	14.95	
20	**GW036866(1)**	11.96	11.87	11.89	
21	**WB01**	18.89	18.7	18.78	
22	**WB02**	18.02	17.88	17.80	
23	**LPSPB03**	13.50	12.9	13.30	
-	**GW036866(2)**	11.58	11.47	11.46	

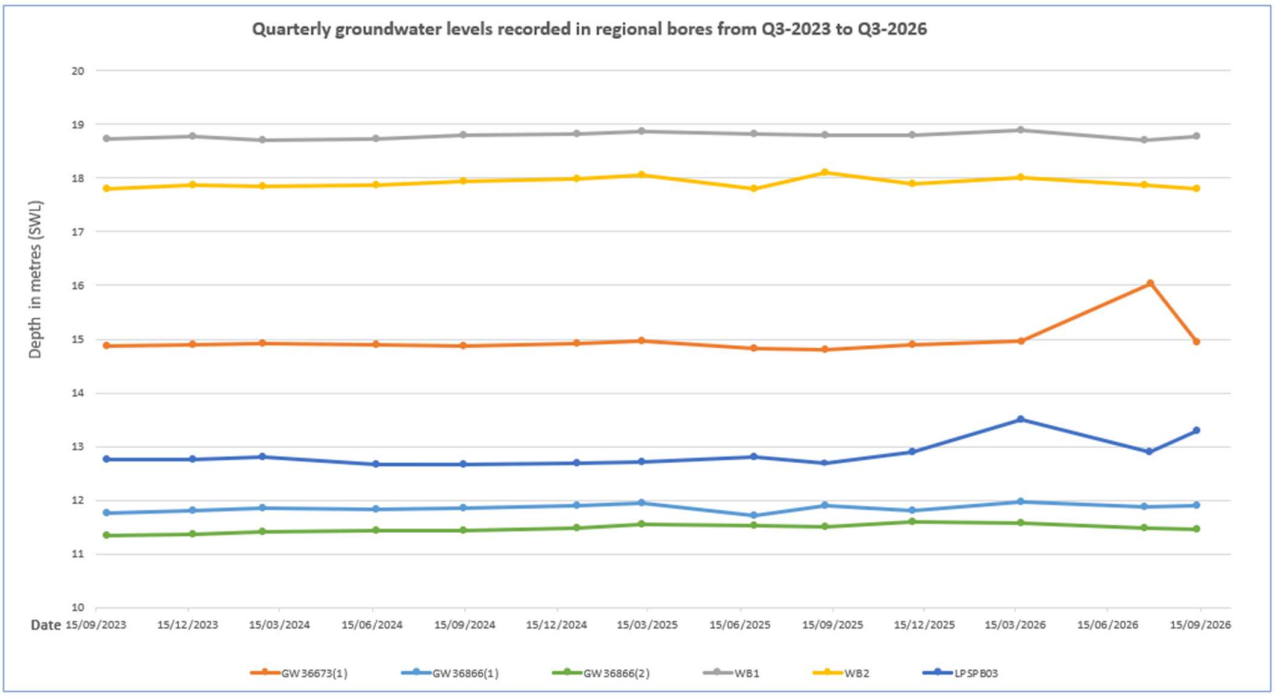

Figure 1 - Quarterly groundwater monitoring levels from September 2023 to September 2026.
